

Technical Parameters of High end reinforced tipping waste paper clip forklift accessories

Factory direct sales can customize various models

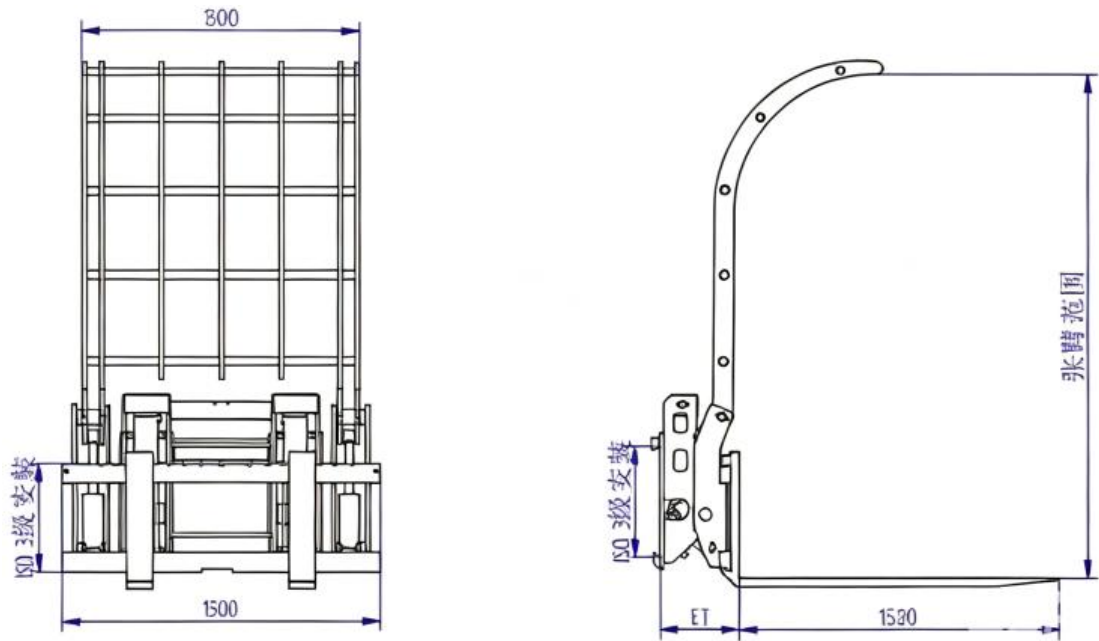

model	Installation Class	Number of rake claws	Rake claw width (RW) MM	Beam width A mm	Arm reach range mm	weight capacity kg	Suitable for forklifts t
CYQ2A30	III	7	1300	1500	0-2350	3000	3-3.5

Remarks:

1. The forklift is required to be fitted with 2 sets of oil circuits.
2. Fork tines are not included; they can be fitted as required.
3. Custom sizes are available.

Application:

Mainly used for handling, clamping and tilting operations of waste paper, grass, iron scraps, round logs and other materials. A bucket can also be installed for clamping and handling bulk goods. Simple and fast operation improves work efficiency, saves energy, maximizes the forklift's performance and reduces labour costs.
